

# APPLY FOR A **BUSINESS MENTOR** DURING YOUR **MASTER'S STUDIES**

*By investing about 4 hours a month, you can increase your chances landing a job you are dreaming of, extend your professional network or just getting a clearer idea of what to do after you graduate and what to focus on.*

**Explore your individual career path, get advice and learn directly from business professionals.**

Aalborg University Business School offers first-year master students an opportunity to engage in one-to-one mentoring with professionals from companies and public organisations in Denmark. Both, Danish and international students are welcome to apply for this programme.

**Program period:** October to May

**Max. programme capacity:** 25 students and 25 mentors

**Application deadline:** September 26

**Number of meetings:** 5-6 individual meetings, introductory workshop

**Working language:** English or Danish

The programme is flexibly structured around personal or online meetings between you and your mentor. Duration of the meetings is typically about 1-1,5 hour, recommended frequency is once a month, but it's completely up to you and your mentor to decide what works best for the two of you.

We will provide you with supporting materials, invite you to an introductory workshop, and will ask you to fill out a short questionnaire to make sure we can create a good match with a mentor, which is relevant for you.

The programme contains a networking event, and 2-3 optional meetings for students. The examples of student meetings conducted before are: a talk and Q&A session with an invited speaker on HR topic, a company visit, a pitch-event, coffee and cake hygge networking.

## WHAT'S IN IT FOR YOU?

Getting a mentor can be quite beneficial and boost your professional and personal growth.

Among the benefits are:
